## **SUMMARY OF MEMORANDUM OF UNDERSTANDING SIGNING BETWEEN FONDATION ARIEL GLASER POUR LA LUTTE CONTRE LE SIDA PÉDIATRIQUE AND THE MINISTRY OF HEALTH AND AIDS OF CÔTE D'IVOIRE**

Fondation Ariel Glaser pour la Lutte contre le Sida Pédiatrique (Fondation Ariel Glaser) signed a memorandum of understanding (MOU) with the Ministry of Health and AIDS of Côte d'Ivoire on January 21, 2013.

The agreement focuses on the implementation and follow-up of interventions to improve the quality of HIV care and treatment programs, particularly at the pediatric level. It also sets forth a framework for both parties to implement activities that improve the welfare of people living with HIV.

According to this agreement, Fondation Ariel Glaser will strengthen the health system in Côte d'Ivoire through:

- Provisioning of essential commodities and necessary equipment
- Renovating a health center for the implementation of programs and activities described in the present MOU
- Development and capacity-building of health care providers
- Supporting the planning, follow-up, and evaluation of interventions for the implementation of programs and activities
- Participation in technical working groups and related activities in agreed areas and/or judged necessary by the Ministry of Health and AIDS
