Report of Independent Auditors

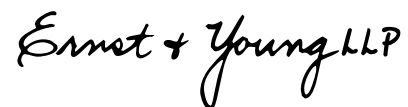

The Board of Directors
Elizabeth Glaser Pediatric AIDS Foundation

We have audited the accompanying statements of financial position of Elizabeth Glaser Pediatric AIDS Foundation (the Foundation) as of December 31, 2011 and 2010, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Foundation's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of December 31, 2011 and 2010, and the changes in its net assets and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 13, 2012, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

A handwritten signature in black ink that reads 'Ernst & Young LLP'.

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements

December 31, 2011

1. Organization

The Elizabeth Glaser Pediatric AIDS Foundation (the Foundation) is a non-profit 501(c)(3) organization established in 1988 whose mission is to prevent pediatric HIV infection and to eradicate pediatric AIDS through research, advocacy, prevention, and treatment programs. Its research programs, advocacy efforts, and international programs are intended to bring dramatic changes to the lives of children worldwide.

The Foundation's financial support is derived through cooperative agreements with the United States government, and other contributions and grants from other government and multilateral organizations, individuals, corporations, and foundations. The Foundation uses these funds to expand its ability to prevent mother-to-child transmission of HIV through counseling, testing, and preventative treatments in the developing world, and to expand the scope of the project to include care and treatment to mothers and families at many of its sites.

Other program activities during 2011 include the Foundation's HIV/AIDS research programs to identify, fund, and conduct critical pediatric research leading to better treatments and prevention of HIV infection in infants and children.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with an original maturity of three months or less from the date of purchase to be cash equivalents. Substantially all cash equivalents are held in a short-term money market account with a bank.

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Restricted Cash at Field Offices

Restricted cash represents monies held in overseas field offices to be used for operating expenses. These accounts consist of petty cash accounts, U.S. dollar accounts, host country denomination accounts, and travel advances to host country staff.

Investments

Investments are recorded at fair value based upon quoted market price. Donated assets are recorded at fair value at the date of donation or, if sold immediately upon receipt, at the amount of the sales proceeds received (which are considered a fair measure of the value at the date of the donation).

Property and Equipment

Property and equipment are stated at cost or fair value at date of donation. Depreciation is computed on the straight-line basis over the following estimated useful lives of the related assets:

Furniture and fixtures	5 years
Computers and equipment	3 years
Automobile	5 years

Leasehold and Tenant Improvements

Leasehold and tenant improvements are recorded at cost and are amortized over the lesser of the term of the related lease or the life of the asset using the straight-line method.

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Split-Interest Agreements

Split-interest agreements with donors consist solely of beneficial interests in irrevocable remainder trusts. The charitable remainder trusts are included in charitable remainder trust contributions receivable at the present value of the estimated future benefits to be received when the trust assets are distributed. Contribution revenue is recognized at the date the Foundation becomes aware that the trust has become irrevocable. The receivable is adjusted during the term of the trust for the accretion of discounts, revaluation of the present value of the estimated future payments to the current beneficiaries, and changes in life expectancies. The change in split-interest is recorded as contribution revenue. The discount rates used to calculate the present value of the estimated future benefits at December 31, 2011 and 2010, approximated 2.89% and 4.3%, respectively, and the expected rate of return on trust assets ranged from approximately 4% to 7%. The change in the value of split-interest agreements recognized for charitable remainder trusts was \$10,118 and \$138,323 in 2011 and 2010, respectively. Contribution revenue recognized from split interest agreements as of December 31, 2011 and 2010, is equal to \$10,118 and \$9,336,092, respectively.

Grants Payable

“Grants payable – private” are grants made primarily to other research and partner organizations and are accrued when the Foundation makes a legally enforceable commitment to the organization. Grants are generally made for a term of one to three years.

For grants that are for a period of more than one year, the future years’ portions, if considered conditional, are recorded in a future year based on specific criteria such as management review and approval against certain reporting requirements and the receipt of future funding to the Foundation.

“Grants payable – federal” are payments due to sub-recipients for expenses incurred through December 31, 2011.

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Net Asset Classification

The Foundation's net assets are classified as follows:

- Unrestricted net assets – Unrestricted net assets result from revenues derived from unrestricted contributions, investment income, and other inflows of assets for which the use is not restricted by donors.
- Temporarily restricted net assets – Temporarily restricted net assets result from contributions and other inflows of assets for which the use is limited by donor-imposed restrictions that require the Foundation to use or expend the assets as specified by the donor. The restrictions are satisfied either by the passage of time or fulfillment of a specific programmatic purpose. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and are reported in the statements of activities as net assets released from restrictions. Contributions for which the restrictions are satisfied in the same period in which the contributions are made are classified as unrestricted.
- Permanently restricted net assets – Permanently restricted net assets result from contributions and other inflows of assets for which the use is permanently restricted by donor-imposed restrictions. Income from permanently restricted net assets is classified as either temporarily restricted revenue or unrestricted revenue in accordance with donor stipulations.

Revenue Recognition

Contributions – The Foundation records contribution revenue at fair value on the earlier of the receipt of cash or an unconditional promise to give. Contributions are recognized as public support pursuant to the terms of the gifts. Unless specifically restricted by the donor, all contributions are considered available for unrestricted use. Noncash gifts are recorded at their fair value. As of December 31, 2011, \$493,354 of the Foundation's total contributions receivable was due within one year.

Elizabeth Glaser Pediatric AIDS Foundation

2. Summary of Significant Accounting Policies (continued)

Exchange Transactions – U.S. government and non-U.S. government grant awards are recognized as revenue earned to the extent that qualifying expenses have been incurred. Expenses incurred before reimbursement is received from the U.S. government are recognized as due from government agencies.

Contributed Services – Contributed services are recognized as revenue if the services received create or enhance nonfinancial assets, require specialized skills provided by individuals possessing those skills and typically need to be purchased if not provided by donation. Contributed services are recorded at the fair market value of the services provided. Contributed services primarily consist of donated airline mileage and legal services. Contributed services and promises to contribute services that do not meet the above criteria are not recognized as revenue and are not reported in the accompanying financial statements.

Deferred Revenue – non-U.S. government grants consist of grants from non-governmental organizations and from international government agencies. Once expenses have been incurred in accordance with the provisions in the applicable donor agreements, the revenue is recognized.

Income Taxes

The Foundation is exempt from federal income and state franchise taxes under Section 501(c)(3) of the Internal Revenue Code (IRC) and corresponding state revenue and taxation statutes, except for any federal income that may be a result of unrelated business transactions. Accordingly, no provision for income taxes is required.

Accounting principles generally accepted in the United States require management to evaluate uncertain tax positions taken by the Foundation. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Management has analyzed the tax positions, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken. The Foundation has recognized no interest or penalties related to uncertain tax positions. The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes the Foundation is no longer subject to income tax examinations for years prior to 2009.

Reclassifications

Certain reclassifications have been made to the prior-year financial statements to conform with the current-year presentation. These reclassifications have no impact on net income previous reported.

Subsequent Events

The Foundation has evaluated subsequent events for recognition and disclosure through June 13, 2012, the date of issuance.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements*. This update provides amendments to Subtopic 820-10 that requires new disclosures regarding significant transfers in and out of Levels 1 and 2 and describing the reasons for the transfers, and presenting on a gross basis the rollforward information for Level 3 regarding purchases, sales, issuances, and settlements. The update also provides clarification on fair value measurement disclosures for each class of assets and liabilities. The new disclosures and clarifications of existing disclosures are effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchase, sales, issuances, and settlements in the rollforward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. Other than the expansion of disclosures for Level 3 instruments, the adoption of this guidance did not have an impact on the financial statements.

In May 2011, FASB issued ASU 2011-04, *Fair Value Measurement: Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSSs*. Some of the amendments clarify the Board's intent about the application of existing fair value measurement requirements. Other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. Some of the disclosures required by the amendments in this updated are not required for nonpublic entities. Those disclosures include information about transfers between Level 1, Level 2, and Level 3 fair value measurement sensitivity and categorization by level for items not measured at fair value in the statements of financial position. For nonpublic entities, the amendments are effective for annual periods beginning after December 15, 2011. Management is evaluating the impact, if any, its adoption of this update may have on its financial statements.

Notes to Financial Statements (continued)

3. Property and Equipment

Property and equipment consisted of the following:

	December 31	
	2011	2010
Furniture and fixtures	\$ —	\$ 555,562
Computers and equipment	791,430	849,839
Automobile	201,062	114,967
Leasehold and tenant improvements	341,192	341,193
	1,333,684	1,861,561
Less accumulated depreciation	(1,047,670)	(1,725,274)
Property and equipment, net	\$ 286,014	\$ 136,287

Depreciation expense for the years ended December 31, 2011 and 2010, was \$96,812 and \$133,292, respectively.

4. Investments

Investments consisted of the following:

	December 31	
	2011	2010
Donated stocks	\$ —	\$ 20,355
Certificates of deposit	5,423,687	2,045,679
	\$ 5,423,687	\$ 2,066,034

Investment income consisted of the following:

	Year Ended December 31	
	2011	2010
Dividends and interest income	\$ 47,136	\$ 40,850
Realized and unrealized losses	(18,776)	(20,444)
	\$ 28,360	\$ 20,406

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements (continued)

5. Temporarily Restricted Net Assets

Temporarily restricted net assets consist of the following purpose-restricted and time-restricted amounts:

	December 31	
	2011	2010
Purpose-restricted amounts:		
International Family AIDS Initiatives	\$ 805,334	\$ 1,134,229
Outside events	46,574	46,574
Other	34,858	34,858
Basic research	270,190	106,982
	1,156,956	1,322,643
Time-restricted amounts:		
Assets held in charitable remainder trusts	420,564	322,859
	\$ 1,577,520	\$ 1,645,502

6. Permanently Restricted Net Assets

Permanently restricted net assets consist of the following:

	December 31	
	2011	2010
Beneficial interest in perpetual trust	\$ 89,022	\$ 91,199
	\$ 89,022	\$ 91,199

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements (continued)

7. Private and Federal Grants Payable

The multiyear grants payable consisted of the following:

	December 31	
	2011	2010
Private grants payable:		
Elizabeth Glaser Scientist Awards	\$ 76,682	\$ 144,933
International Family AIDS Initiative – private	1,053,221	1,993,804
International Leadership Award	199,029	298,744
Total grants payable – private	<u>\$ 1,328,932</u>	<u>\$ 2,437,481</u>
Federal grants payable:		
International Family AIDS Initiative	<u>\$ 6,181,219</u>	<u>\$ 8,097,915</u>

8. Fair Value Measurements

Accounting Standards Codification (ASC) 820-10 requires enhanced disclosures about assets and liabilities carried at fair value. As defined in ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). ASC 820-10 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable. The Foundation primarily applies the market approach for recurring fair value measurements and endeavors to utilize the best available information. Accordingly, the Foundation utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The Foundation is able to classify fair value balances based on the observability of those inputs.

The fair value levels are as follows:

- Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date.
- Level 2 – Pricing inputs are other-than-quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date. Level 2 includes those financial instruments that are valued using models or other valuation methodologies.

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements (continued)

8. Fair Value Measurements (continued)

- Level 3 – Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management’s own assumptions about what market participants would use in pricing the split interest agreements developed using the best information available.

The following tables set forth by level within the fair value hierarchy the Foundation’s financial assets and liabilities that were accounted for at fair value on a recurring basis as of December 31, 2011 and 2010. As required by ASC 820-10, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Foundation’s assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

	Fair Value Measurements at Reporting Date Using			
	Fair Value at December 31, 2011	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Investments:				
Certificates of deposit	\$ 5,423,687	\$ 5,423,687	\$ –	\$ –
Split-interest agreements	414,346	–	–	414,346
Total assets	<u>\$ 5,838,033</u>	<u>\$ 5,423,687</u>	<u>\$ –</u>	<u>\$ 414,346</u>

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements (continued)

8. Fair Value Measurements (continued)

	Fair Value Measurements at Reporting Date Using			
	Fair Value at December 31, 2010	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Investments:				
Certificates of deposit	\$ 2,045,679	\$ 2,045,679	\$ –	\$ –
Donated stock	20,355	20,355	–	–
Split-interest agreements	11,671,798	11,267,570	–	404,228
Total assets	<u>\$ 13,737,832</u>	<u>\$ 13,333,604</u>	<u>\$ –</u>	<u>\$ 404,228</u>

The fair value of investments is determined by third-party service providers utilizing various methods dependent upon the specific type of investment. When quoted prices are available in the active market, securities are classified within Level 1 of the valuation hierarchy.

The following tables provide a reconciliation of the beginning and ending balances of split-interest agreements measured at fair value on a recurring basis in the tables above that used significant unobservable inputs (Level 3). Amounts transferred out of Level 3 arise because actual cash was received from a split interest agreement subsequent to balance sheet date. As such, the amount of actual cash received is reflected in Level 1 at December 31, 2011 and 2010.

	Summary of Level 3 Investment Activity			
	Fair Value at December 31, 2010	Unrealized Gains (Losses)	Transfers In (Out) of Level 3	Fair Value at December 31, 2011
Split-interest agreements	<u>\$ 404,228</u>	<u>\$ 10,118</u>	<u>\$ –</u>	<u>\$ 414,346</u>

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements (continued)

8. Fair Value Measurements (continued)

	Summary of Level 3 Investment Activity			
	Fair Value at December 31, 2009	Unrealized Gains (Losses)	Transfers In (Out) of Level 3	Fair Value at December 31, 2010
Split-interest agreements	\$ 2,360,106	\$ 56,122	\$ (2,012,000)	\$ 404,228

9. Pension Benefits

The Foundation has a defined contribution retirement plan (the Plan) under Section 403(b) of the IRC. The effective date of the Plan is January 1, 2006. Employees, as defined, are eligible to participate in the Plan after they have completed 90 days of service and attainment of age 21. Benefits are not subject to, nor covered by, federal plan termination insurance. The Foundation will match the employee's contribution dollar for dollar up to a maximum 7% of eligible compensation per pay period. Employees are immediately vested 100% in their own contributions and become vested over a three-year period in the Foundation's matching contributions. Total employer contributions to the Plan for the years ended December 31, 2011 and 2010, were \$1,033,369 and \$717,287, respectively.

10. Commitments and Contingencies

Leases

The Foundation leases office facilities and copiers under operating leases that expire on various dates through September 2015. Future minimum lease payments by year and in the aggregate, under noncancelable operating leases, consisted of the following at December 31, 2011:

2012	\$ 1,862,672
2013	1,475,533
2014	1,350,757
2015	1,291,565
2016	1,246,883
Thereafter	9,012,382
	<u>\$16,239,792</u>

Elizabeth Glaser Pediatric AIDS Foundation

Notes to Financial Statements (continued)

10. Commitments and Contingencies (continued)

Rent expense for the years ended December 31, 2011 and 2010, was \$2,906,706 and \$2,394,275, respectively.

Federal Programs

Amounts received and expended by the Foundation under various federal programs are subject to audit by government agencies. Management believes that adjustments, if any, that might result from such audits would not have a material impact on the financial position of the Foundation.
